

HIMAKSHI

WIDE RANGE OF ROAD CONSTRUCTION MACHINE ASPHALT & CONCRETE CUTTER

HIMAKSHI Asphalt & Concrete Cutter is ideal equipments for cutting asphalt pavement cut, pot hole repair cut, repaired to damaged asphalt and concrete patch, cutting the hard concrete for expansion joints (shrinkage control joints), trench cutting for electrical & communication cable etc., Light in weight makes it easy for one operator to handle gives accurate required depth cut as control mechanism is fitted in the machine, water spray attachment, powered by ELECTRIC MOTOR or DIESEL ENGINE.

SPECIFICATIONS

Model No.	Maximum Depth of Cut	Cutting Width	Prime Mover	Power	Blade Size (Diamond)
HIM-50	50 mm	2.5 mm	Electric Motor	5 HP	250 mm Ø
HIM-50 (Diesel)	50 mm	2.5 mm	Diesel Driven Greaves Model # 1520	5 HP	250 mm Ø
HIM-100	100 mm	4 & 6 mm	Electric Motor	7.5 HP	350 mm Ø
HIM-100 (Diesel)	100 mm	4 & 6 mm	Diesel Driven Greaves Model # 1510	10 HP	350 mm Ø
HIM-150	150 mm	4, 6 & 8 mm	Electric Motor	10 HP	450 mm Ø
HIM-150 (Diesel)	150 mm	4, 6 & 8 mm	Diesel Driven Greaves Model # 1510	10 HP	450 mm Ø
